Person , Tempdesks. Adding/removing can be audited

(2.15.11+)

The adding or removing of Temp Desks from a person record can be audited. Additional Temp Desks are added via Person Record - Register - Complete the form including allocating a temp desk.

The audit trail is recorded in the side bar view of the Person record.

The screenshot displays the iqx software interface for a person record. The top menu bar includes buttons for Reports, Register, Delete, Search, and others. The 'Register' button is highlighted with a red box. The left sidebar contains a list of navigation options, with 'Audit Trail' highlighted by a red box. The main content area shows the person's details for Abdullah Curtis, including Division (BR Derby), Name, State (Current), and various contact information. A table at the bottom shows the audit trail entries.
