

# pears.ComplianceViewData

Generated schema reference. Regenerate this page from the SQL unload; keep hand-maintained business notes in the narrative namespace.

## Description

Temp Table - Used to construct the Person compliance view.

## Columns

| Column                      | Type         | Null     | Default | Comment |
|-----------------------------|--------------|----------|---------|---------|
| <b>ComplianceViewDataID</b> | char(20)     | NOT NULL |         |         |
| InstanceID                  | char(20)     | NULL     |         |         |
| StateChangeText             | long varchar | NULL     |         |         |
| PlacementAllowedText        | long varchar | NULL     |         |         |
| TempshiftAllowedText        | long varchar | NULL     |         |         |
| ComplianceText1             | long varchar | NULL     |         |         |
| ComplianceText2             | long varchar | NULL     |         |         |
| PassOrFailOrWarn            | char(1)      | NULL     |         |         |
| ComplianceColour1           | char(20)     | NULL     |         |         |
| ComplianceColour2           | char(20)     | NULL     |         |         |
| ComplianceGroup             | smallint     | NULL     |         |         |
| SortOrder                   | smallint     | NULL     |         |         |
| TagID                       | char(3)      | NULL     |         |         |
| TagLocation                 | char(3)      | NULL     |         |         |

## Primary Key

- ComplianceViewDataID

## Foreign Keys

- No outgoing foreign keys found.

## Referenced By

- No incoming foreign keys found.

## Indexes

- No indexes found.

## Triggers

- No triggers found.
