Boiler Plate Text (Standard Text / AutoText)

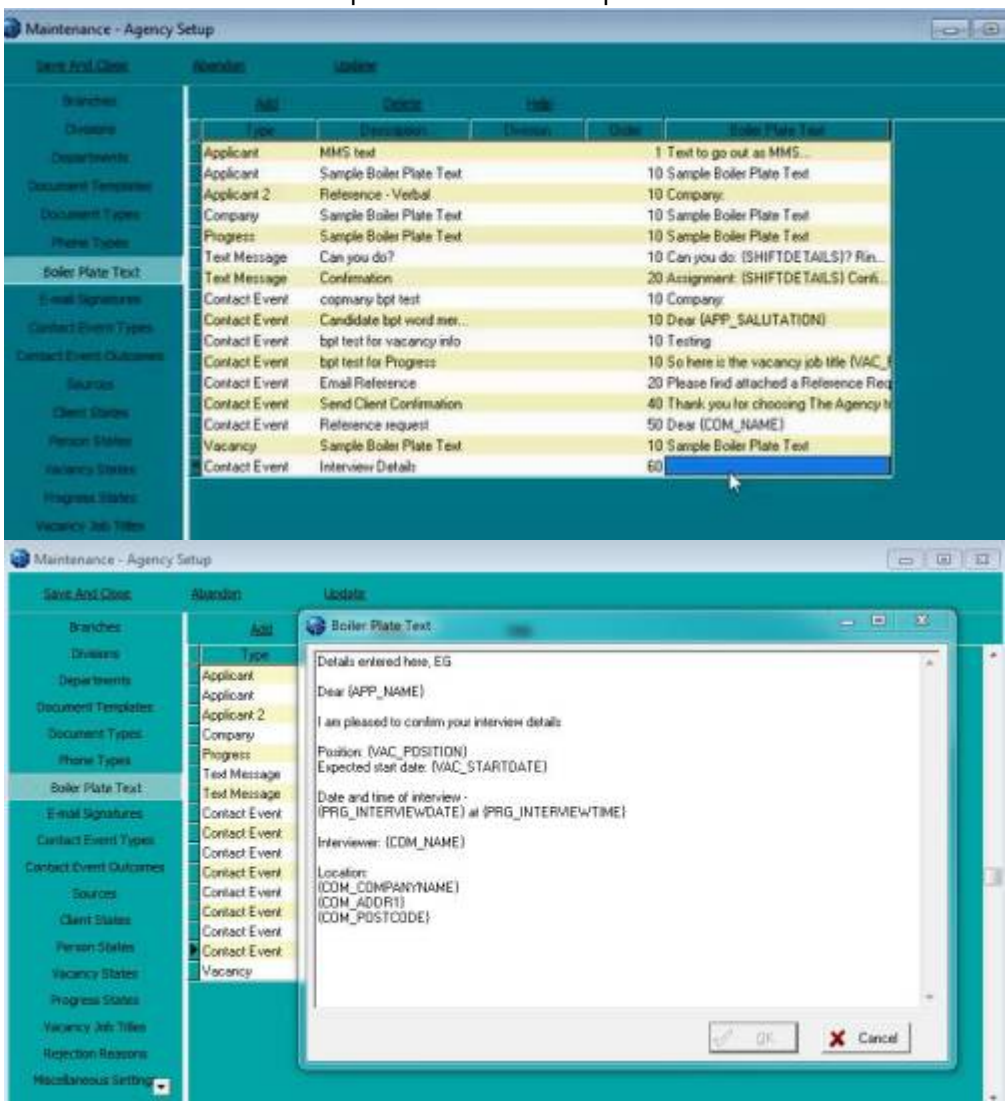

Boiler Plate Text allows setting up of blocks of standard text which may be easily dropped into the current cursor position of the various free text notes fields.

This is helpful for vacancy job description outlines, interview question outlines, contact events etc.

Set up in Maintenance> Agency Setup> Boiler Plate Text.

Select whether you want the text to be accessible from:
Company
Vacancy
Contact Event
Company
Applicant
Text Message

Double click on the boiler plate text field to open the box to enter the text.

When inserting boiler plate fields, please make sure the fields are surrounded by {}s

```
eg {APP_NAME}, {COM_NAME}
```

This allows the setting up of blocks of standard text which may be easily dropped into the current cursor position of the various free text notes fields. The below fields are available

```
SHIFTDETAILS          e.g. 01/02/2012 13:00-17:00
```

```
Applicant Fields : Accessible from Applicant, Vacancy, Placement
Boiler Plate Field      Table       Field               Example
APP_NAME                Person            Name                Mr Fred
Smith
