Client Files Installed with IQX

This list of files commonly found in IQX client installations may be helpful. Not all these files will be found in every installation - this will depend on your configuration. In particular many of the dlls are only required for specific image manipulation processes - usually connected with the processing of timesheet images.

Files normally placed in the client IQX share	
iqx.exe	main IQX program file
iqx.ini	IQX configuration settings
bankscan.dll	bank modulus checking library
british.adm	spell check dictionary
libeay32.dll	Open SSL library for https etc
ssleay32.dll	Open SSL library for https etc
tiff_to_pdf.dll	image conversion library
wPDFViewPlus02.dll	PDF viewing and manipulation library
wPDFViewPlus03.dll	PDF viewing and manipulation library
wp_type1tff.dll	support library for wPDFViewPlus
wpdecodeJP.dll	support library for JBIG2 image encoding in pdfs
pdftk.exe	PDF manipulation utility
pears.key	security support file
DTKBarReader.dll	bar code reading library - included from v2.16.12
zlib1.dll	file compression library

Files with the extension **rtm** are IQX Report Templates. Files with extension **xml** in the IQX folder structure are likely to be IQX JobRunner scripts - if in doubt check the contents - IQX jobs will have a top level tag of <job>. Bitmap files (extension bmp) in the program folder will be background images for IQX - see Add a background image to IQX

Files in IQXHub, IQX JobRunner and IQXNet installations	
IQXHub.exe	IQXHub GUI program file
IQXHubService.exe	IQXHub - windows service version
RunJob.exe	JobRunner program file - defunct
RunJobService.exe	JobRunner - windows service version - defunct
IQXNet.exe	IQXNet program file - defunct
IQXNetService.exe	IQXNet - windows service version - defunct

also dll, key files etc as for the IQX client

Obsolete files relating to previous help systems - can be removed	
iqx.hlp	Help file
iqx.chm	Help file
pears.cnt	Help file
pears.gid	Help file

Obsolete files relating to previous help systems - can be removed	
pears.hlp	Help file
iqx.gid	Help file
