Features

Enhancements

- Remove Analytics from iqxWEB- Removed analytics designer from iqxWEB - this should now be managed by iqx.exe
- Review Shift-Delete/Remove from Processing options- toggle the switch on and off in web settings and make sure you can exclude/include shifts as required, also test the overall functionality of timesheets to ensure that this feature doesn't break anything else
- Candidate Portal - Complete and send for approval popup - message more direct
- complete and send for approval - warning message if no email address entered
- Clean up buttons and look and feel on client app
- Remove video record feature - Removed candidate video record feature - this will later be replaced with native functionality.

Bug Fixes

- Auto Logout Mechanism
- Downloaded files from portal should retain original filename
- Consultant Diary - order consultants by userid, not staffid
- Archived documents will no longer show for the candidate in their documents view
- Updating email address to one that's in IQX will produce an internal error
