FEATURES

Consultant Portal

Return of the Consultant Portal!

Candidate Search

You can now search while out on the road for Candidates, view their Compliance Questions, Contact Events and create Contact Events and Appointments!

Client Search

You can now search while out on the road for Clients and their Contacts, create Contact Events, Appointments and see ongoing Placements!

Show Available x Hours Ahead

We have added the ability to set a setting so Candidates cannot see shifts in their Diary until they are x amount of hours before the shift starts. For example, they cannot see shifts that are over 48hours in the future. This can also be set for past shifts.

ENHANCEMENTS

Division based menu control

You can now hide and show menu items depending on a Candidate or Clients Division access

Remove Accepted Terms on Registration

Added the ability to clean up the documents view on the registration to not include the Terms documents they have accepted and signed

Fixes

Password Special Characters - Allow Any

Previously, passwords were not accepting certain special characters, this has been resolved,

Custom form, navigate to page opens in new tab

When navigating to a new page using a Custom Form, previously it would open a new tab, this has been fixed so it stays in the one window

Client Timesheet Date Filter

There was an issue with the Timesheet view in the Client Portal not adhearing to the date filter, this has been fixed now.
