Release 2026.10.01

- Features
- Enhancements
- Fixes

FEATURES

Required References

You can now make an X amount of References required so a Candidate cannot continue their registration without adding references!

Departmental References

A Candidate can now select what Department their Reference is relevent to so the Referee gets sent appropriate questions

ENHANCEMENTS

Amend Registration Details Page

We have added the ability to edit the Details page by making registration details fields configurable to hide,eg. Home Phone Number, NI Number, Gender.

Signing Enhancements

We have added the ability to show a timestamp on the Candidates documents in IQX for what time they accepted/signed the document on the Registration Wizard

Fixes

Tidy up Back Buttons

The back buttons on the Registration pages that did not work due to authentication, have now been removed, to make it clearer for Candidates registering that they cannot move backwards.

YOTI

Our existing iqxWEB intergration with YOTI had some performance issues, these have now been resolved
