

Release 2.17.10

If you have custom forms defined in IQX, not all new features may be available to you. Your agency custom forms are shown on Help - About.

Thumbnail photo on the button bar of the Person form

A thumbnail of the photo stored in Person - Photo can now be displayed on the top right hand of the Person form for ease of viewing when videoing through candidate records.

The screenshot shows the IQX software interface for a 'Person' form. The title bar indicates the user is 'Sana Acevedo'. The interface includes a top navigation bar with buttons for 'Reports', 'Register', 'Delete', and 'Search'. Below this is a secondary bar with 'Help', 'Registration Report', 'Data Access Report', and 'Data Management'. The main form area is divided into several sections: 'Temp' (with a dropdown menu), 'Contact Events', 'Get in Touch', 'Diary', 'Shifts', 'Shift Progress', 'Availability', 'Requirements', and 'CV'. The 'Temp' section shows 'Division: International'. The 'Contact Events' section shows 'Name: Sana Acevedo', 'State: Current', and 'Available From: Male 34'. The 'Shifts' section shows 'Home Phone: 01632 931 813', 'Day Phone: 07700 996 930', and 'E-mail: Sana_Acevedo@iqx.co.uk'. The 'Requirements' section shows 'Social Media'. The 'CV' section has a dropdown menu. On the right side, there are sections for 'Headline', 'Alert', 'Reg. Departments' (Industrial (Perm+Temp), Financial Services (Perm)), 'Dept. Questionnaire' (Industrial), 'Position Sought', 'Salary wanted', 'Key Skills' (Food), 'HGV Licences', 'Fork Lift Truck', 'Tests Completed', and 'Safety Gear'. A thumbnail photo of Sana Acevedo is displayed in the top right corner of the main form area. At the bottom right, there are links for 'Load from File', 'Copy from Clipboard', and a note about the maximum size for reports (256Kb).

New Column on Expiry Dates View - Shifts After Expiry

A new column has been added to the expiry dates view called 'Shifts after Expiry'. This column shows the number of shifts booked after the first expiry date. This has been designed to assist with booking future shifts before a candidate has been re-cleared on the expectation that the clearance will happen in time.

Note: Users need to click the Popup Again button again to get a subsequent popup.

Company - IQXWeb - way to Link Head Office to Group Companies

Where there are multiple companies in a group using the same account code and a head office contact needs to see data from all companies a way of adding links to all in one action now exists in the iqxWEB record on the company contact record.

Clicking 'Add Multiple Links' will allow the user to enter an account code and link all companies to the iqxWEB record. This will save time with companies that have a significant number of subsidiaries. An employment record will be added to each company record with a Note of 'Web User Link'. Use the Delete Link button to remove a company; the employment record will also be deleted unless contact events exist.

Company - Contact Department

This field has been changed to enable the user to select from a drop down as well as entering free text thereby saving time and ensuring uniformity of spelling. This is similar to vacancy position.

Requires System Administrator setup.

System Administrator

Thumbnail photo on the button bar of the Person form

A thumbnail of the photo stored in Person - Photo can now be displayed on the top right hand of the Person form for ease of viewing when videoing through candidate records.

To activate the thumbnail image set General Setting - Group of Settings - 3040 to Y.

Note if Person - Photo has been hidden in Modify Screen the thumbnail will not display.

Division filtering on Notifications

In Agency Setup - Notifications it is now possible to assign divisions to Notifications. Leaving the Divisions field blank means the Notification is available for all divisions.

Selecting a Division means the template will be available to a user if they are in All or the associated division.

2-17-10-b.png Note:- Each division needs to have a separate notification template allocated to it if the same template is to be used for more than one division. Alternatively leaving the division field blank allocates that notification to all divisions.

Company Contact add Departmental Questionnaire

In Agency Setup - Departments new Company Contact departmental questionnaire has been added.

ID	Department	Searchable	Division	Analysis Code	Publish To Web	Sort Order	Show Extra Notes
AA	Construction	☒	Infrastructure	D1	☒	20	☒
ED	Education	☒	Support	E1	☒	30	☒
MS	Events	☒	Support	D2	☒	40	☒
FS	Financial Services	☒	Corporate	B1	☒	50	☒

Display of the questions is based on the user's department.
