Release 2.2.1.31 to 2.2.1.39

Note: If you have custom forms defined in IQX, not all new features may be available to you.
* before a version number indicates that the version is available for testing, not yet fully released.
x before a version number indicates that the version is not yet available

Version	Feature / Change
2.2.1.34	Shift order reason added to timesheet entry
2.2.1.34	Person questionnaire items with display group -11 will now appear near the top of the Payroll view on the Person form. (As before, items with display group -10 appear at the bottom of the Payroll View)
2.2.1.34	Free text Notes field for Placement records with spell checking and boiler plate text options
2.2.1.34	IBAN & SWIFT codes added to Candidate Payroll details and to Composite Payroll Company management screens. Only show if selected in General Settings | Switchable Fields. Correct SWIFT BIC formating is enforced
2.2.1.34	New Recent Records form tracks recently used Candidates, Companies, Company Contacts, Vacancies, Placements, Progress, Contact Events and Timesheets so they can be re-opened directly. Similar to recent documents list in Word
2.2.1.34	New user role allows Contact Events to be made visible to all users
2.2.1.34	Documents can now be attached to Placements
2.2.1.34	New Person search option : “All except Company Contacts and Archived”
2.2.1.34	Interview Date, Time and Notes added to Progress History
2.2.1.34	Auto Contact Events can be configured for Progress states
2.2.1.32	New PDF file handling in Documents views, finally allows Acrobat 7 to work, and also Foxit, a very fast loading alternative
2.2.1.31	When E-mailing from MS-Word (mailmerge or individual), can optionally use ALL available E-mail addresses for each recipient - E-mail/Telephony General Setting
