

Linking Questions to Compliance Documents

Compliance documents are set up as Document Types in Agency Setup and can only be administered by Users with the relevant roles.

Only candidate document types can be compliance. When adding a document of a compliance type, it prompts or forces you to answer questions before allowing you to complete.

Setup

General Settings

- Settings 85 Allowed Shift Progress States for Doc Pack - list of Shift Progress State Codes (no separators)
- Settings 86 Allowed Progress States for Doc Pack - list of Progress State Codes (no separators)
- Settings 1810 Hide Document Pack Sending System set to 'N'
- Email/Telephony 131 Contact event type code for doc pack sent = Add new CE type for 'doc pack sent' and use relevant code.
- Email/Telephony 140 Progress state for when doc pack sent = add new progress state for 'Doc Pack Sent' and use relevant code.

General Settings

No	Group	Name	Value	Notes
85	Settings	Allowed Shift Progress States for D...	ABC	List of codes with no separators
86	Settings	Allowed Progress States for Doc Pack	AHEC	List of codes with no separators
1810	Settings	Hide Document Pack Sending System	N	Other Settings are needed General 85 and 86, Email/Telephony 131 and 140
131	E-Mail/Telephony	Contact Event Type Code for Doc ...	DS	
140	E-Mail/Telephony	Progress State when Doc Pack Sent	D	Selected Progress records are updated to this State

User Role User needs compliance role to be able to manage and send compliance documents.

Document types

Agency Setup> Document Types.

Maintenance - Agency Setup

Document Type	Record Type	Can Load from Web Site	Notify Staff of Web Uploads	Add to CV Send Out	Compliance	Defunct	Sort Order	Departments
Contract	Candidate	☐	☐	☐	☒	☐		Health,Social Services
ID	Candidate	☐	☐	☐	☒	☐		All
Personal	Candidate	☐	☐	☐	☒	☐		All
Reference	Candidate	☐	☐	☐	☒	☐		All

Tick the relevant types as compliance or create new and tick for compliance.

Departments

The default is they are accessible for all departments. To link the documents to departments, click on the Departments button and select. They can be linked to multiple departments. If you want to link the document type to departmental questions they need to be allocated to that department.

Questions

NTY	ASA Nationality	Single Selection	☐	☐
IDT	Passport expiry date	Date	☐	☐
VE	Visa Expiry	Date	☐	☐

Close

Document type can be linked to more than 1 question. Open the questions list using the **Question** button and tick the questions that you want to show when adding a document of this type.

- Required means MUST exist before a compliance document can be added and before a doc pack can be sent. Doesn't let you save unless you have answered the question if question set as required.

- Included means question appears when adding doc but not forced to answer it to be able to add the document.

Adding Compliance Documents

Documents can be added directly to compliance documents by dragging and dropping onto the view.

Or if the file exists already in documents then use the Copy to compliance button.

Copy to Compliance

The document will be opened in PDF. It can be saved as a whole document by using Select all or it can be split up by selecting individual pages.

Once you have selected the pages to save, use the Save to Compliance. Select the document type from the box and OK.

The linked questions will appear to be completed, any that are marked as **required** must be completed at this time.

A screenshot of a software window titled "Contract for". The window has a light green header bar with a small icon on the left and standard window controls (minimize, maximize, close) on the right. Below the header, there are two rows of data: "Face to Face Interview" with a date of "26/11/2014" and "Security Cleared" with the value "Passport". The main area of the window is a large, empty light green rectangle. Overlaid on this area is a smaller dialog box titled "IQX". The dialog box has a close button in the top right corner and contains the text "You are required to enter Security Cleared" with an "OK" button below it. At the bottom right of the main window, there are two buttons: a green "OK" button with a checkmark icon and a red "Cancel" button with an 'X' icon.

Documents can also be redacted using the Redact button at the time of adding the document or once added.

Redact as white or black (or stamp if stamp exists in folder).

In the Compliance Documents view, all details including created, updated and accessed dates for each document can be seen.

Expand		Redact		Archive/Unarchive		Questions		Delete		Show Archived		Show Details		Help
