

How to find a Person / Candidate

Refers to:

Open the **Person Selector** by:

People button (Top menu)

Select → People (Top menu)

F6 (Function key)

Selection	Current Candidates Only	Expand	Count	Update		
Search	Name	State	Alert	Address	Tc	
Stored Selections	Sandra Faraday	Cleared		71 Welsh Road West	Southam	Leaming
Stored Searches	Ernesto Fernandes	Cleared		151 Mullard Drive	Whitnash	Leaming
Reports	Anthony Flynn	Cleared		1 Boxbush Cottages	Long Martson	Stratford
	Beth Freeman	Cleared		26 Thornton Close	Eastern Green	Coventry

From the Person Selector form you can:

- Run Searches using standard and questionnaire criteria, also free text searching.
- Save, Store and modify selections of people.
- Store Searches for recall for future use.
- Run Reports on the selection.
- Mailmerge to people by letter, email and text message.
- Bulk CV Import and basic parsing from a folder.

By default the Current Candidates Only are seen. To see the list in a different order click the table column heading to sort by that criteria.

- To see the **list of all People**, with or without archived records, select from the drop down box.
- To see a **list of People by other criteria** such as state, use the Search Tab.
- To find an existing Person type the first few letters of their keyname (Surname, space, forenames) into the box and press the Find button or press Return. People with keynames matching will appear in the table below. You can use wildcards, for example, if you can only remember the forename type *forename and all keynames which include that forename will appear. See also [Wildcards for searching](#).

You can **expand the Person record** by:

- Double-clicking on their row in the table, or
- Select the row with the mouse or keys and then pressing the Expand button or press Return.

When in a Person Record it is possible to step through the selection with the video buttons.
