

Invoicing permanent placements

Accounts menu → invoice perm placements

Invoices for Permanent Placements are created from Authorised Placements. This means that the fee details have been settled, any splits entered and the Authorise button has been used to make the Placement Awaiting Invoice.

Once authorised, a Permanent Placement can be invoiced if the Invoice date is equal to or later than the Start Date.

Consultant	department	% Share	Fee
VHS	Industrial	50.00	2,900.00
BARBARA	Industrial	50.00	2,900.00

Go to the Accounts menu and select Invoice Perm Placements. A form will appear showing all invoices with the specified invoice date. All lines will have the Start Date less than the Invoice Date.

All the selected Perm Placements on the form will be invoiced when the **Invoice** button is used.

To create invoices

- Select the **invoice date** to appear on the invoices.
- Look over the lines to be invoiced. **Expand** will open the Authorised Perm Placement details for the selected Candidate for detailed checking. If something is incorrect use the **Cancel** button on the **invoicing tab** to return the Placement to awaiting authorisation.
- Use the **Invoice** button to create invoices for all the line on the form. A box will indicate how many placements have been invoiced in this batch.

Once a placement is invoiced, go to Accounts> Authorise Invoices to PREVIEW the invoice and then Authorise & Create PDFs ready to send.
