Contact Events Selector

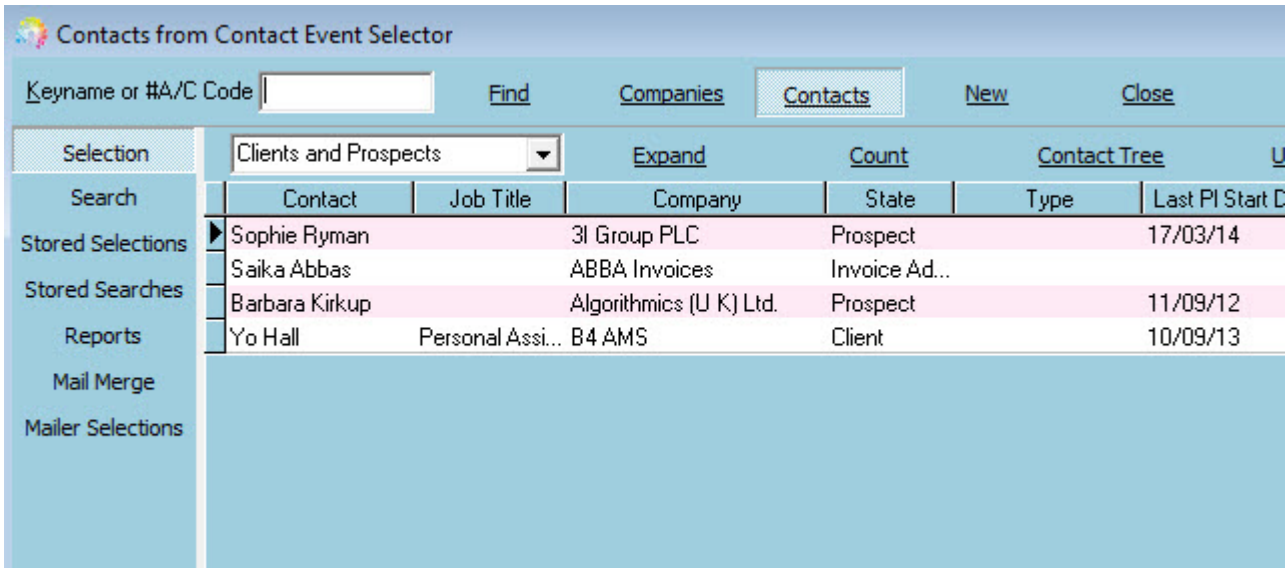

View contact events created - for all in a date range or filter by user, date and type, callback date or by further criteria on the filter screen.

- Expand will open the contact event
- Company, Candidate and Vacancy buttons will Expand the relevant record that the contact event is linked with.

- Process button opens the relevant selector form populated accordingly:

Reports:

- Analysis by Consultant
- By Selection
- By Selection with Description & Notes
- Crosstab Summary Analysis by Outcome
- Details with Applicant Job & Outcome
- Due for Callback
- Summary Details by Branch
