

Vacancy Record - Placements

refers to:

vacancies form → placements

This table shows the candidates who have been placed in the vacancy. Normally you make a placement from the **Short List** but you can add it directly from here. The Placement holds all the details required for invoicing a Perm placement or generating timesheets for a Temp. **It is important to get the details correct.**

To place a candidate from the **vacancy placement screen** (no short list):

- Click on the **Placements** option on the left hand side of the screen.
- Click on the **Add** button. In the selector enter the **keyname** of the candidate you are entering.
- Select the candidate, and click **Ok**.
- Enter/confirm the **start date** and **Leave date** (if known) and click on **OK**.
- If the placement completes the number of posts to be filled you will be asked if you want to change the vacancy state to Filled and change the progress state of all unsuccessful candidates in the short list to Rejected. If you say **Yes** then the status will have to be manually changed when the placement comes to an end.
- Now **complete** the details of the Placement form.

Availability

2.23.1+ There is now a new Tab on the Placement Record for Availability. This reflects the Person's availability on their record and will update if any new Unavailability or holiday days are added via either the Temp Desk Availability tab or the Availability on the Persons Record.

Switchable in User record > Layout Settings > Hide Placement Availability

Extending a Placement

When an existing placement requires to be extended rather than create a whole new placement users can use the Placement Extension System (from version 2.21.4 onwards). Users with the layout role to enable them to authorise Placement Extensions will see this new button on Placements.

When this is pressed you are then prompted to select the reason for the extension, the new leave date and the reporting start date, you can also add any relevant notes at this point.

The 'Add Placement Extension' dialog box contains the following fields:

- Extension Reason: A dropdown menu.
- Leave Date: A date field set to 13/06/2021.
- Reporting Start Date: A date field set to 13/06/2021.
- Notes: A text area.
- Buttons: 'Ok' and 'Cancel'.

All of the changes made are detailed in a placement extension table which can be viewed at the bottom of the Placement. This shows the original Start Date, original Leave Date, the updated Leave Date as well as who changed it and when. This table is also updated if you manually change the Leave Date or create a Provisional Timesheet that is beyond the current Leave Date.

The screenshot shows the 'Temp Placement of Craig Adams as Scott Test 1 at A & M Stephens' window. It includes a left sidebar with navigation options like Shifts, Timesheets, Accounts, Staged Invoices, Questionnaire, Notes, Contacts, Documents, Location Map, Directions, Vacancy Roles, Audit Trail, Chat, and Modify Screen. The main area is divided into two panes. The left pane shows details for the applicant Craig Adams, including Company (A & M Stephens, A Stephens), Job Title (Scott Test 1), Client Department, PO Number (12345), Contract, Placement Date (09/04/2021), Override Invoice Layout, Sales Brand (A1), Invoice Prefix (A1), and Invoice Email (alt1@iqx.co.uk). The right pane shows an 'Add Extension' form with fields for Start Date (09/04/2021), Leave Date (13/06/2021), Work Pattern (MTWTF-- 09:00 7.5 hours), Department (Events), Consultant (SCOTTM), Our Ref. (3460), Concurrent or Shifts (checked), Override IR35 (unchecked), and Days per Week (5). At the bottom, there is a table showing placement extensions.

Original Start Date	Original Leave Date	Reporting Start Date	Leave Date	Who Changed	When Changed	Who Authorised	When Authorised	Extension Reason
09/04/21			13/06/21	SCOTTM	26/05/21 10:33	SCOTTM	04/06/21 11:45	
09/04/21			06/06/21	SCOTTM	26/05/21 10:31	SCOTTM	26/05/21 10:31	More Time
09/04/21			06/06/21	SCOTTM	26/05/21 10:31			

This feature requires system administrator setup.
