

Client Files Installed with IQX

This list of files commonly found in IQX client installations may be helpful. Not all these files will be found in every installation - this will depend on your configuration. In particular many of the dlls are only required for specific image manipulation processes - usually connected with the processing of timesheet images.

| Files normally placed in the client IQX share | |
|---|--|
| iqx.exe | main IQX program file |
| iqx.ini | IQX configuration settings |
| bankscan.dll | bank modulus checking library |
| british.adm | spell check dictionary |
| libeay32.dll | Open SSL library for https etc |
| ssleay32.dll | Open SSL library for https etc |
| tiff_to_pdf.dll | image conversion library |
| wPDFViewPlus02.dll | PDF viewing and manipulation library |
| wPDFViewPlus03.dll | PDF viewing and manipulation library |
| wp_type1tff.dll | support library for wPDFViewPlus |
| wpdecodeJP.dll | support library for JBIG2 image encoding in pdfs |
| pdftk.exe | PDF manipulation utility |
| pears.key | security support file |
| DTKBarReader | bar code reading library - EXTRA COST OPTION |
| zlib1.dll | file compression library |

Files with the extension **rtm** are IQX Report Templates. Files with extension **xml** in the IQX folder structure are likely to be IQX Job Runner scripts - if in doubt check the contents - IQX jobs will have a top level tag of <job>. Bitmap files (extension bmp) in the program folder will be background images for IQX - see [Add a background image to IQX](#)

| Files in IQXHub, IQX Job Runner and IQXNet installations | |
|--|--------------------------------------|
| IQXHub.exe | IQX Hub program file |
| RunJob.exe | Job Runner program file |
| RunJobService.exe | Job Runner - windows service version |
| IQXNet.exe | IQXNet program file |
| IQXNetService.exe | IQXNet - windows service version |

also dll, key files etc as for the IQX client
