

Client Files Installed with IQX

1/2

This list of files commonly found in IQX client installations may be helpful. Not all these files will be found in every installation - this will depend on your configuration. In particular many of the dlls are only required for specific image manipulation processes - usually connected with the processing of timesheet images.

| Files normally placed in the client IQX share | | |
|---|---|--|
| iqx.exe | main IQX program file | |
| iqx.ini | IQX configuration settings | |
| bankscan.dll | bank modulus checking library | |
| british.adm | spell check dictionary | |
| libeay32.dll | Open SSL library for https etc | |
| ssleay32.dll | Open SSL library for https etc | |
| tiff_to_pdf.dll | image conversion library | |
| wPDFViewPlus02.dll | PDF viewing and manipulation library | |
