

Release 2.17.8

Note: If you have custom forms defined in IQX, not all new features may be available to you. Your agency custom forms are shown on Help – About.

User

Ability to request E-Signatures to docs for Clients and Candidates

E-signatures can now be requested for clients and candidates using Rpost software.

This functionality requires system administrator set up and Rpost sign up.

Please contact IQX for further information.

GDPR preparation

New type of WPK field that allows some of the data to be obscured

In preparation for the implementation of the GDPR regulations we have been working toward limiting casual access to personal data.

Complete bank account numbers can be obscured. Users will be able to see the last four digits of the account number for confirmation purposes.

Archive photo ability

There is now the ability to save a photo before replacing. When Archived Photo is used the photo will be added to documents as an archived Jpg.

Candidates with WebAccess able to see ALL timesheets to Complete online

Candidates working in more than one location with clients who are not set up for e-timesheets can still complete all their timesheets online through iqxWeb.

Temp Desk - Shifts Filter - Method of displaying multiple TempDesks

In Temp Desk - Shifts the filter can select more than one desk.

Select Multiple from the Desk drop down menu and chose the required temp desks from those available.

Selecting any element opens a dialog box to allow setting all filters before refreshing selection.

The 'Set Shift Filters' dialog box is shown with the following settings:

- Desk:** Multiple
- Range:** From 28/08/2017 To 31/08/2017 Today
- Period:** Weekly Year 2017 Week 30 Ends 29/10/2017
- State:** Unfilled, Provisional, Confirmed, Worked, Cancelled
- Cascade:** Non-Cascadeable, Cascadeable, Cascaded

Buttons: Advanced Filtering, OK, Cancel

Select Desks

Restricted editing question for placement headline

A new question grouping has been added to the General Placement questionnaire -4 which will be seen in the placement headline.

Only a user with Manager rights can answer or edit these questions in placement.

Questionnaire Maintenance																
Placement Questionnaire																
Questions		<input type="button" value="Add"/>	<input type="button" value="Delete"/>	<input type="button" value="Undo"/>	# for id		<input type="button" value="Find Questions"/>	<input type="button" value="Redo Order"/>	<input type="button" value="Font Colour"/>							
Order	Question ID	Question Description		Type	Min Step Size	Units	Required	Group	Audit	Web Publish	Web View	Search Hide	Heading Collapse	Heading Answers	Expiry Lead	Exp Beh
70	CON	Client Confirmation Retur		Single Selection			<input type="checkbox"/>	-4	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

New role to limit changing of Contract Placement End date

A new role has been added to User - Roles - 'Can edit end date of Contract Placements',

With this role ticked the user can edit the end dates of Contract Placements. All users will still be able to edit the end dates of non-contract placements.

To set this role for all users please use the Bulk Add Role in user maintenance.

Role Group All <input type="button" value="Search"/>				
Group	Role		Search Criteria Group	Assigned
TEMP	Can link Timesheet Images			<input checked="" type="checkbox"/>
TEMP	Pre-select Current State on Tempdesk V...			<input checked="" type="checkbox"/>
TEMP	Can edit end date of Contract Placements			<input checked="" type="checkbox"/>
WP	Can create letters			<input checked="" type="checkbox"/>

Favourites button access

Deletion of another user's favourites and notes has been limited to Users with Manager rights.

Where a user does not have the rights to modify a record the delete button is greyed out.

Users can still add favourites to another user's record and this is now audited.

Where a user deletes their own favourites, this is also audited.

System Administrator

Alternative temp folder within iqx.exe

Access to an alternative windows folder has been added within iqx for situations where working with MS Word the standard windows temp folder is unsuitable or causing issues.

The alternative folder is accessed by inserting the following code into the ini file.

```
[Global]
tempdir=c:\temp\iqx
```

Candidates with WebAccess able to see ALL timesheets to Complete online

To set up this functionality set Maintenance – General Settings – Temps 1120 - 'Create e-timesheets if candidate has a web login' to Y and ensure the candidate has a web login.

Note - the relevant Temp Desks need to be set up for E-timesheets via Temp Desk Setup - Temp Desk - Allow eTimesheet Complete = 1.

New type of WPK field that allows some of the data to be obscured

To obscure bank account numbers go to Maintenance – General Settings – Privacy – Star start of Bank Account Number and set the values to 'Y'.

Ability to request E-Signatures to docs for Clients and Candidates

Once signed up with Rpost set up each user via:

Maintenance - General Settings – Email/Telephony 340 – Allow E-signatures on Documents. - Y

340 E-Mail/Telephony	Allow E-Signatures on Documents	Y
----------------------	---------------------------------	---

Maintenance – User – Layout Settings – Can send e-signatures

Search				
Group	Setting	Activate	Expires	Notes
GENERAL	Can edit own screen layout	<input checked="" type="checkbox"/>		Allows user to hide ...
USER	Can send e-signatures	<input checked="" type="checkbox"/>		
USER	Hide All Appointments View	<input type="checkbox"/>		Applies to Person, C...

Maintenance – Agency Setup – Document templates – identify documents for E-sign.

To have the completed documents signed and dated in the correct places rpost tag fields each document will require some or all of these Rpost tag fields

«Name1», «Title1», «Date1», «Signature1» for multiple signatories the 1 is replaced with 2 and so on.
(see Step 1: Document Preparation - page 4 in

rpost.pdf

).

Note only users with the above role will see document templates tagged as e-sign. Therefore, separate templates will have to be created for user without this functionality.
