

How to send CVs to a vacancy contact

CVs can be sent from a Vacancy Short List.

The Contact Event will be linked to the Vacancy, Company Contact and Candidate.

Candidates can be selected by checking the Select box on the right or selected by Progress State once in the Send CV wizard.

The screenshot shows the iqx software interface. The top menu bar includes 'Reports', 'Search', 'Delete', 'Help', and 'Insert Text'. The left sidebar contains various navigation options like 'Contact Events', 'Short List', 'Requirements', 'Rates', 'Diary', 'Shifts', 'Shift Progress', 'AWR', 'Questionnaire', 'Website', 'Placements', 'Timesheets', 'Site Details', 'Web Publish', 'Miscellaneous', 'Location Map', 'Shift Templates', 'Documents', 'Cascade Rules', 'Cascaded Shifts', and 'Cascade History'. The main window displays the 'Send CVs' button in the 'Send Details' tab. Below this, there is a table with columns: Applicant, Consultant, Action Date, State, Person State, Interview Time, Notes, Prty, and Select. The table lists several candidates, including Brenda Albert, K Ho, J Manoharan, Jane Strong, J Wild, and Manoel Araujo. The 'Select' column has checkboxes for each candidate.

Check the defaults in the Contact Details.

In the CVs to Send section, select the radio button for either sending by selected, state or the whole list - this refers to the candidates in the short list.

The Action Date and State will be updated automatically once the CVs have been sent, use the **Change** button if you want to change the new action date and/or state.

Click **OK** which will open a Contact Event form showing the Attached CVs tab.

If a Candidate does not have a CV in their record it will show as **Missing CV** against the Candidate. It is possible at this point to go to the Candidate record and arrange a CV, then return to the Contact Event, Update and continue.
