

How to send CVs to a vacancy contact

CVs can be sent from a Vacancy Short List.

The Contact Event will be linked to the Vacancy, Company Contact and Candidate.

Candidates can be selected by checking the Select box on the right or selected by Progress State once in the Send CV wizard.

The screenshot shows the iqx software interface. The top menu bar includes 'Reports', 'Search', 'Delete', 'Help', and 'Insert Text'. The left sidebar lists various modules: Contact Events, Short List, Requirements, Rates, Diary, Shifts, Shift Progress, AWR, Questionnaire, Website, Placements, Timesheets, Site Details, Web Publish, Miscellaneous, Location Map, Shift Templates, Documents, Cascade Rules, Cascaded Shifts, and Cascade History. The main window displays the 'Temp Vacancy: asdf for 10 Group PLC' details, including Company (10 Group PLC), Recipient (Social Care), Contact (Leena Vanessa Teepoo), Job Title (asdf), No. of Posts (1), PO Number, Dates (From 12/09/2011), Pay / Charge (/), Status / Codes (Current), Dept./Desk/Co... (Industrial / Demo - Industrial 1 (defunct) / VHS), Client Department, and Use Living W... (No). Below this, the 'Send CVs' button is highlighted in the 'Send Details' tab. The bottom section shows a table of applicants with columns for Applicant, Consultant, Action Date, State, Person State, Interview Time, Notes, Prty, and Select.

Applicant	Consultant	Action Date	State	Person State	Interview Time	Notes	Prty	Select
Brenda Albert	BARBARA	Put Forward	Current	5				
K Ho	BARBARA	Put Forward	Current	5				
J Manoharan	BARBARA	Put Forward	Current	5				
Jane Strong	BARBARA	Put Forward	Current	5				
J Wild	BARBARA	Awaits Contact	Current	5				
Manoel Araujo	BARBARA	Awaits Contact	Current	5				

Click the **Send CVs** button to open the send CV wizard.

Send CVs to Leena Vanessa Teepoo at 10 Group PLC

CVs to Send

☒ Selected (2)

☐ Short List State:

☐ Entire Short List

New Short List Action Date / State for Sent CVs

Action Date: 30/04/2013 Change

State: CV Sent to Client

Extra Documents

Document Type	Included
	<input type="checkbox"/>

New Document Type

Ok Cancel

Check the defaults in the Contact Details.

In the CVs to Send section, select the radio button for either sending by selected, state or the whole list - this refers to the candidates in the short list.

The Action Date and State will be updated automatically once the CVs have been sent, use the Change button if you want to change the new action date and/or state.

Click OK which will open a Contact Event form showing the Attached CVs tab.

If a Candidate does not have a CV in their record it will show as **Missing CV** against the Candidate. It is possible at this point to go to the Candidate record and arrange a CV, then return to the Contact Event, Update and continue.

From this stage you can now send the CVs by email either using a letter template or with an email message.

To email CVs using a letter template:

Create a letter - go to the Letter Text tab and click [Write Letter](#). Select the required template which will then open the template in word. Complete the letter with further text as required then go to file> email.

Ensure the CVs attached box is ticked and select whether you want the letter to go as an attachment or as the body text of the email.

You can attach further files if required: if the file is saved on your computer, click [File](#) and browse to find it.

(The file must not be open in the background.)

You can also attach any documents which are stored in the company or vacancy documents tab click [Documents](#) and select the relevant one. [Send](#)

To email CVs with an email message:

Go to the Text tab within the Contact Event, write the email and click on [Send Email](#).

Edit the Subject line if required and confirm the CVs box is ticked.

You can attach further files if required: if the file is saved on your computer click [File](#) and browse to find it.

(The file must not be open in the background.).

You can also attach any documents that are stored in the Company or Vacancy documents tab, click [Documents](#) and select the relevant one. [Send](#)
