

Compliance Documents - Adjustment of document input configuration to change size/readability.

From version **(2.15.11+)** onwards compliance documents can now be adjusted to improve the size and readability of the documents.

In Maintenance - General Settings - Settings 1870 and 1880. Both input values specify the percentage of resolution and compression for compliance documents.

1800 Settings	Scan timesheet division link	IN	IF Y (YES): Default the division to All on
1870 Settings	Resolution for Compliance Document Input	72	Allows fine tuning of readability/size
1880 Settings	Compression for Compliance Document Input	75	Allows fine tuning of readability/size
