

Open Form management

You can choose how you view all the forms that you currently have open. You can see the options available by clicking on the **Window** menu at the top of your screen.

Switching between open records

- At the end of this drop down you can see what records you have open. The record that you are currently looking at is denoted by a tick.

Tile vertically

- This option places the records into rows

Tile horizontally

- This option places the records into columns:

Cascade

- This option stacks the records one behind the other displaying the name

Closing down open records

- F9 - Closes all records except the one you are currently using. You are prompted to save any records that have unsaved changes.
- F10 - Quickly closes down all records before you log out of IQX. You are prompted to save any records that have unsaved changes.

****Caution: You should ensure that you have closed all records before you log out of IQX.****
