

# Expiry Dates

The Temp Desk has an Expiry View which shows all Date Criteria / Skills / Questions that have been set up with a number of 'Lead' days to Expiry. This should be used to initiate bulk communications with the Temps needing updating.

## The Expiry view features

If the date is in the future by more days than the Lead number the date is in **black**.

If the date is in the future by fewer days than the Lead number the date is in **blue** to show it is near to expiring.

If the date is in the past the date is in **red** to show that it is Expired.

## Tempdesk, Expiry Dates. New filters added.

### (2.15.11+)

To improve the ease of searching within Temp Desk - Expiry Dates, new filters have been added - 'Working this week' and 'Person state'.

Temp Desk - Expiry Dates - Working this week filter (click button) - Person State filter click buttons.

Name	Alert	Days before Expiry	CRB Expiry Lead 60	Visa Expiry Lead 60
Abraham Ford		281	31/12/2016	13/08/2016

### (2.20.4+)

Where Consultants share a Temp Desk yet very much have 'their OWN candidates' the Consultant can be set individually to having a User drop-down on the Temp Desk which will filter to their records on Temps, Placements and Expiry Dates views.

This does not affect the other views - several Consultants are likely to enter all Vacancies and Timesheets can be completed by a wide range of Users.

If the Agency has turned on the Setting to have a different member of staff allocated for Compliance functions then on the Expiry Dates view there are radio buttons for filtering to records linked to the Compliance or Booking Consultant, with the default selection being that of the Compliance.

Consultant

☐ Working this week   Filter

☒ Compliance Consultant  
☐ Person Consultant
